

Continuum of concern

Place the following scenarios in order on a 'Continuum of concern' from lowest concern to highest

Are all of these safeguarding issues?

13 year old tells their parent they are trans – parent refuses to discuss and continues to use birth name/pronouns
50 year old trans women has been told by their new employer they can't use the ladies toilets. They are told they can only use the gents or accessible toilet
17 year old comes to a session with 'fresh' self-harming scars on their lower arm
14 year old joins your trans youth group. They value having adult trans role-models and engage well with the group leader. After a number of sessions, the young person's behaviour with the group leader becomes very flirtatious
17 year old sending indecent images to their mates via snapchat
30 year old comes to a session with 'fresh' self-harming scars on their lower arm
21 year old tells their parent they are trans – parent refuses to discuss and continues to use birth name/pronouns
